(Informally Published or Self-archived Work, Manual, p. 212) Individual web page. Since web pages and documents are similar to print, references to them include the same elements such as author, date, title, etc. Note that proper names and acronyms are capitalized.

APA Reference Style - 6th edition 2010 - library.nmu.edu

The Publication Manual of the American Psychological Association is the style manual of choice for writers, editors, students, and educators in the social and behavioral sciences. It provides invaluable guidance on all aspects of the writing process, from the ethics of authorship to the word choice that best reduces bias in language.

Publication Manual of the American Psychological ...

Question: How do I cite an article which is cited in the article I am using? Answer: According to page 178 of the APA Manual, 6th edition, citation of a work discussed in a secondary source (e.g., for a study by Seidenberg and McClelland cited in Coltheart et al.) should be used sparingly. Give the secondary source in the reference list; in text, name the original work, and give a citation for ...

APA is an abbreviation for the American Psychological Association. This reference style uses parenthesis in the text with the author's last name and the year of publication.

APA 6th - The Citation Compass

References within books and chapters. In your research you will often encounter publications that refer to another researcher's work. This source within a source is known as a 'secondary source' and is referenced in a particular way. Where possible, you should try to obtain the original work being referenced and read through the research to form your own opinions.
