

Being Animal Beasts And Boundaries In Nature Ethics Critical Perspectives

Being Animal Beasts And Boundaries

Being Animal is a wonderful and most welcomed book in which noted author Anna Peterson convincingly argues that, "The separation between nature and animals is both strange and destructive." Animals, domesticated and wild, are not 'Others', and human constructed boundaries that invariably trump our interests over theirs put us on a very slippery slope that leads us away from whom other animals ...

Get this from a library! Being animal : beasts and boundaries in nature ethics. [Anna Lisa Peterson] -- If nature is what lies beyond human society, then animals must be a part of it. For most people, animals are the most significant aspects of the nonhuman world. They symbolize nature in our ...

Being animal : beasts and boundaries in nature ethics ...

For most people, animals are the most significant aspects of the nonhuman world. They symbolize nature in our imaginations, in popular media and culture, and in campaigns to preserve wilderness, yet scholars habitually treat animals and the environment as mutually exclusive objects of concern ...

Being Animal: Beasts and Boundaries in Nature Ethics by ...

Animal ethics also identifies a wide range of qualities as the source of value in nonhuman animals, from life itself to sentience, intelligence, sociability, or relations with humans. Almost all animal ethicists, however, agree that nonhuman animals have intrinsic value and should be protected on that basis.
