While you are certainly welcome to try to determine which one has better "image quality" (an imprecise term that is the result of a variety of camera settings), my experience using a wide variety of Canon vs Nikon DSLRs has shown that the images produced by both are exceptional.. With that issue made clear, let's talk about some of the other features that differentiate these two camera models.

Canon vs Nikon Digital SLR Cameras

Using the Canon 40D for this guide felt a lot like hanging out with a familiar friend - the 20D that I have been using for years. The Canon 40D is designed to be used in manual mode since it doesn't make a whole lot of sense to get a camera like this and leave it in AUTO all the time.
