1) How did the United States raise an Army? When the U.S. joined the war, there were only 200,000 men enlisted in the armed forces, and so in order to build a large enough army to take on Europe, Congress passed the Selective Service Act, which required men to register with the government in order to be randomly selected for military service, in 1917. About 3 million of the 24 million who ...
