A lute (/ lʒ u: t /) is any plucked string instrument with a neck (either fretted or unfretted) and a deep round back enclosing a hollow cavity, usually with a sound hole or opening in the body. More specifically, the term "lute" can refer to an instrument from the family of European lutes. The term also refers generally to any string instrument having the strings running in a plane parallel ...

EDIT: ok take all this with a grain of salt. I kinda jumped the gun on posting this because i was worried that Creative commons would somehow hurt artists by making people think the artists wants everyone to repost their stuff. but at the end of the day its a much better license than Forbid It All... and CC does still require everyone to give credit to the original artist.
