User Persona Template and Examples | Xtensio

What is a user story? User stories are short, simple descriptions of a feature told from the perspective of the person who desires the new capability, usually a user or customer of the system. They typically follow a simple template: As a < type of user >, I want < some goal > so that < some reason >. User stories are often written on index cards or sticky notes, stored in a shoe box, and ...

To see complete, working examples of projects that you can copy and experiment with, the junit5-samples repository is a good place to start. The junit5-samples repository hosts a collection of sample projects based on JUnit Jupiter, JUnit Vintage, and other testing frameworks. You'll find appropriate build scripts (e.g., build.gradle, pom.xml, etc.) in the example projects.

JUnit 5 User Guide

Note to readers of the NCO User Guide in HTML format: The NCO User Guide in PDF format (also on SourceForge) contains the complete NCO documentation. This HTML documentation is equivalent except it refers you to the printed (i.e., DVI, PostScript, and PDF) documentation for description of complex mathematical expressions.

NCO 4.8.0-alpha11 User Guide

User personas can change your content marketing strategy for the better. Learn about what they are, why they're effective for your business, and how you can make them with our easy five-step guide, which also includes detailed examples and infographics.

User Persona Template: Free Download and How-to Guide

In my user stories book and in all my training and conference sessions on user stories I advocate writing user stories in the form of: "As a , I want so that ."While I consider the so-that clause optional, I really like this template.
