Version 4.0 Fitting Models to Biological Data using Linear and Nonlinear Regression A practical guide to curve fitting ...

Fitting Models to Biological Data Using Linear and ...

Fitting models to biological data using linear and nonlinear regression : a practical guide to curve fitting. [Harvey Motulsky; Arthur Christopoulos] -- Most biologists use nonlinear regression more than any other statistical technique, but there are very few places to learn about curve-fitting.

Fitting models to biological data using linear and ...

Fitting Models to Biological Data Using Linear and Nonlinear Regression A Practical Guide to Curve Fitting by Motulsky, Harvey ; Christopoulos, Arthur ISBN13:

9780195171808 - Fitting Models to Biological Data Using ...

In [17] the method of fitting models to biological data using linear and nonlinear regression is proposed, where some multivariate statistical analysis strategies from [18, 19] are formulated to ...

(PDF) Fitting models to biological data using linear and ...

Most biologists use nonlinear regression more than any other statistical technique, but there are very few places to learn about curve-fitting. This book, by the author of the very successful Intuitive Biostatistics, addresses this relatively focused need of an extraordinarily broad range of scientists.
