Within Florida Keys National Marine Sanctuary lies a trail of historic shipwrecks, scattered along the coral reefs and buried in the sandy shallows a few miles off shore. The nine ships along this Shipwreck Trail have many tales to tell, from the stories of individuals who came before us to why they were here and their difficulties in navigating these waters.

Most of the shipwrecks that we list are in 50 feet or more, except for the galleons that we list out of historical interest. Unlike many other parts of the world many of the shipwrecks around Florida are not naturally occurring, but have been sunk intentionally to form artificial reefs for marine habitats.
