Health Guide; What Is It? A bunion is a firm, painful bump that forms over a bony bulge at the base of the big toe. In most cases, the big toe joint also is enlarged and has degenerative arthritis. The toe also may be pushed toward the second toe (hallux valgus). Bunions tend to be inherited, but they also are common in the following groups:

Bunion Guide: Causes, Symptoms and Treatment Options

Some people may never experience symptoms at all. Bunions may begin to form during one's teenage years, but they usually occur in people aged 20-30. Women are three times more likely than men to have bunions. What Are The Symptoms of a Foot Bunion? If a foot bunion is developing, you may experience some of these symptoms:

Foot Bunion Symptoms, Causes, and Treatment

Step One: Secure foot with metatarsal strap Wear barefoot, in socks or slippers. Slide your foot into the device with your mid-arch positioned near the metatarsal strap and your toe positioned to fit into the toe strap. The Bunion Aid Splint is securely fastened to the foot by means of the metatarsal strap. Secure the ... Continue reading "How to put on the Bunion Aid® Splint"

A bunion (hallux valgus) is a large bump on the side of the foot that develops at the base of the big toe. It is common for a bunion to become inflamed and swollen, causing foot pain. Although anyone can develop a bunion, the condition most often occurs in women and older adults.

Bunion (Hallux Valgus) - MoveForwardPT.com

What is a bunion? A bunion is the beginning of your big toe joint dislocating and moving out of place. A bunion is a serious problem that can be just as painful as a bad knee or a bad hip. This is ...

What Is A Bunion? *Complete Bunion Treatment Guide in 2 minutes*

or high-heeled shoes. Wearing high heels is especially stressful on the joints of the foot because all of the body's weight rests there. The foot is then forced into a narrow, pointed "toe box", compounding the problem. Older people are also vulnerable to bunions because of the higher incidence of arthritis affecting the big toe joint.
