Western Region of the U.S. Lesson for Kids: Facts & Climate

Robert Frost was born in San Francisco, but his family moved to Lawrence, Massachusetts, in 1884 following his father's death. The move was actually a return, for Frost's ancestors were originally New Englanders, and Frost became famous for his poetry's engagement with New England locales, identities, and themes.

Environmental determinism (also known as climatic determinism or geographical determinism) is the study of how the physical environment predisposes societies and states towards particular development trajectories. Nineteenth-century approaches held that climate and terrain largely determined human activity and psychology, and it was associated with institutionalized racism and eugenics.
