Conjugated linoleic acid, or CLA, is a type of fat found in dairy products, beef, and supplements recommended for weight-loss purposes. The evidence for this is conflicting, however, and merely taking CLA supplements isn't likely to lead to significant weight loss, unless you make other changes, such as exercising more and eating less, says Livestrong.

Welcome to the second blog post about Swimming Naked. On 2016/08/15 I posted a Frank Answer About Swimming Naked. That article was a response to a negative comment about the practice made by a retired male teacher who took my Bennett High School class of 1961 on a tour of the old high school at a class reunion.
