### **Problem of the Month: Miles of Tiles**

Miles Of Tiles was established in 1982, and is a tile specialist supplying both the retail and wholesale trade. Our family run business stocks a huge range of floor and wall tiles and offers competitively priced products and a very high level of customer service.

### **Miles of Tiles | Home Improvement | Warwickshire**

Answers. Best Answer: There are 12 inches in a foot. So if your floor is 12 feet from north to south (length), then 12 times 12 inches (144) tells you how many inches long the floor is. 4 goes into 144 thirty six times, so there are 36 four-inch tiles along the length of the floor. If your floor is 14 feet from left to right (width),...
