Principles of Management 11th edition | 9780547148489 ...

Ans: Because specific management techniques tend to work better in certain situations, there really is no one best way to do things. The idea is to fit the management technique to the situation in an "if-then" manner. Management tools and techniques must be appropriate to the demands of the situation.

CHAPTER 2

• Management is a continuous process beginning with planning and ending with controlling. • There is a concern that this rigid approach may make management seem more rational and orderly than it really is. This edition is intended for use outside of the U.S. only, with content that may be different from the U.S. Edition. This may not be
