

Satellite Radio Guide

Satellite Radio Guide

Sirius Satellite Radio was a satellite radio and online radio service operating in North America, owned by Sirius XM Holdings.. Headquartered in New York City, with smaller studios in Los Angeles and Memphis, Sirius was officially launched on July 1, 2002. It now provides 69 streams (channels) of music and 65 streams of sports, news, and entertainment to its subscribers.

Sirius Satellite Radio - Wikipedia

Sirius Satellite Radio was founded by Martine Rothblatt, David Margolese, and Robert Briskman. In 1990, Rothblatt founded Satellite CD Radio in Washington, DC. The company was the first to petition the FCC to assign unused frequencies for satellite radio broadcast, which "provoked a furor among owners of both large and small [terrestrial] radio stations."

Sirius XM Satellite Radio - Wikipedia

Previously known as CD Radio, it changed its name to Sirius Satellite Radio in 1999 because they thought they needed a stronger, clearer brand name, noting there was potential for consumer confusion between their product and radios that also play CDs.

Sirius Satellite Radio Review

The history of satellite radio is a little convoluted, and current availability depends on where you live. In North America, the two satellite radio options are both owned and operated by the same company: Sirius XM Radio. These services were originally operated by different companies, but they merged in 2008 when it became clear that neither could survive on its own.
