

## *Selling The Tudor Monarchy Authority And Image In Sixteenth Century England*

**Selling The Tudor Monarchy Authority**

Yet as long ago as the sixteenth century, British monarchs deployed what we might now describe as “spin.” In this book a leading historian reveals how Tudor kings and queens sought to enhance their authority by presenting themselves to best advantage.

**Selling the Tudor Monarchy: Authority and Image in ...**

Selling the Tudor Monarchy is a huge achievement. It is not without its problems, but it is also an important, thought-provoking and richly rewarding book which should be required reading for every early modern scholar.

**Selling the Tudor Monarchy: Authority and Image in ...**

The Tudor period emerges as the linchpin between medieval and modern public perceptions of monarchy, and Sharpe concentrates on Henry and Elizabeth in his argument. While discussing Henry, Sharpe emphasizes the manner in which the king used propaganda to take control of his rule, gain popular support for the Protestant Reformation, and strengthen his own legitimate power over both church and state.
