"I think the world of Web development is becoming easier and easier but it's also making it harder for guys like me to find work because so many people want to use out-of-the-box responsive layout sites that are easy to implement and launch. I personally would much rather make a site from scratch than use a template.

Here's a question that can be very entertaining and educational for all. Excel, every white and many blue collar workers needs to know how to use the product to successfully integrate into today's business world."How to use" is obviously very subjective, so if we can define intermediate, it goes without saying that skillsets that bring you to that point are in the basic arena, and sets above ...
