12 WHAT IS MARXISM ALL ABOUT. cers, tailors and carpenters out of business and deny them an independent living. Capitalism has already put most of these small operators out of business and made wage slaves of them, destroying their dreams of independent prosperity.

### **What Is Marxism - Workers World**

Marxism, a body of doctrine developed by Karl Marx and, to a lesser extent, by Friedrich Engels in the mid-19th century. It originally consisted of three related ideas: a philosophical anthropology, a theory of history, and an economic and political program.

### **Marxism | History, Ideology, & Examples | Britannica.com**

Marxism is a theory and method of working-class self-emancipation. As a theory, it relies on a method of socioeconomic analysis that views class relations and social conflict using a materialist interpretation of historical development and takes a dialectical view of social transformation. It originates from the works of 19th-century German philosophers Karl Marx and Friedrich Engels. Marxism uses a methodology, now known as historical materialism, to analyze and critique the development of class
